

PASPALLEY

Certificate of Authenticity

The cultured pearls described below are authentic Paspalley South Sea Pearls from our Australian pearl farms. These pearls have remained in our care at all times until their sale.

A beautiful pearl with natural colour and lustre is infinitely more rare and beautiful than any pearl that has been bleached, dyed or treated to improve its appearance. A pearl of natural beauty cannot be compared in value to an artificially enhanced pearl.

We certify that each Paspalley pearl is delivered to you with its natural colour and lustre. Furthermore, true to our natural pearl heritage, each Paspalley pearl has been individually hand polished by our skilled artisans to protect its natural lustre for future generations to enjoy.

We are proud that all Paspalley pearls are produced in accordance with our commitment to environmental protection and conservation.
